PRESIDENTS LETTER

Dear Friends & Neighbors:

Your Association is in the midst of its 1980-81 membership drive. To say that the enrollment so far is gratifying is to say the least. To date 36 out of approximately 140 residents have joined. That works out to a 23% enrollment. 23%.

Possibly this low enrollment rate is due to the fact that so many new residents have moved in and have no idea what your Association does. Well, besides having Santa Claus come thru, Halloween for the kids, and two successful block parties, your Association has obtained street lights for the development, cleaning of the drainage area in the back of Briar-lake and other things which may not sound too impressive. But they were accomplished thru and by Your Association.

Why not come to our next meeting this Tuesday, Jan. 13 at 8:00 pm in the Sales Office. Give yourself the opportunity to see what your Association is and does and what it plans to do; meet new friends who have the same common interest- Bloomingdale. Not just Bloomingdale East, West, or Estates. But the total development of Bloomingdale.

You purchased a home here, so you must have seen something in the development that you liked. So why not become a member of the Association and try to make Bloomingdale an even better community in which to live.

I am sure that many of you have said at one time or another that the Assoc. should be doing some thing or another. I agree with you. There's a lot the Assoc. could be doing that we are not because we either don't know what you want us to do or we lack the manpower to do it. We need people with new ideas. We need people who want to become

involved. Not 100% of their time, not even 25%, but people who are willing to opper what time they can spare to help themselves and their community.

People who can and want to help get answers to questions like

- Who is going to maintain all the walls being built once the builder has gone?
- How can we get an MSU created to solve some of these problems?
- What are we to do about the increasing number of burglaries occuring?
- If we want a golf course for Bloomingdale, what can we do to get one?

Do you have any answers to these or other questions which you Assoc. is facing or may face in the future? Why not come to our next meeting and present your views or questions and hear what your neighbors have to say about making Bloomingdale an even better place to live. Will we see you there?
